Analytical Geography

Guidelines for the Contributors

Dear Friends...

Analytical Geography, the Journal of Association for Geographical Studies, Delhi is a bi-annual research journal published in the month of June and December. It invites original papers/review from the scholars of geography and allied disciplines for the publication. The paper must be in English. Its length may range from 5000-7000 words (with 1.5 line spacing) inclusive of figures/tables/ photographs. The paper should have an abstract (not exceeding 150 words) placed at the head of the text and a list of 5-7 keywords following it. It should be organized with a hierarchical order of section headings, these should be numbered on decimal system, e.g. 1, 1.1, 1.1.1 etc. Tables and Figures should be numbered by Arabic numerals, e.g. Table-1 or Figure-1, in ascending numerical order as reference is made to them in the text. Tabulated data should not duplicate those shown graphically. Paper should have a final section headed 'conclusions', which summarizes important points emerging from the work. Author (s) should send their manuscript accompanied by a certification that the paper has not been published elsewhere. Submission of a paper to the journal and if paper is accepted for publication, will mean that the author has transferred the copyright to the publisher. The journal, *Analytical geography*, will be in electronic form (E-Journal) and papers may be published in the form of a book when there will be articles in sufficient numbers on a particular topic. References (title, year and page) cited in the text should alphabetically arranged at the end of the paper. The electronic file which should be in MS-Word may be sent by email (agsdelhiuniversity@gmail.com) and a hardcopy to the Editor: Dr. R.N. Dubey, Associate Professor, Department of Geography, B.R. Ambedkar College, (University of Delhi), Yamuna Vihar, Delhi-110094 (India).

Looking forward for a positive response.

Best wishes,

Dr. R.N. Dubey
